The product will be repaired free of charge as outlined in [One Year Limited Hardware Warranty](#) and the [Software License](#) if the hardware is returned within 12 months from ship date to the buyer, and for software when returned within 90 days from ship date to the buyer. Any modifications made to products void the warranty.

Under Warranty: Reach will repair the product free of charge and return product using a standard ground carrier for shipping. If "No Problem Found," a minimum charge of \$50 per item may be charged to the buyer.

Non-Warranty: Non-warranty repairs will be charged under our Flat Rate Program (see rates on Page 3). Rates are based on model. Flat Rate amounts include return freight via ground service. Any upgrades to the method of return shipping will be at the buyer's expense. All out of warranty repairs will have a 90-day warranty on the repaired part(s) only.

Prepayment is required for us to process all non-warranty flat rate repairs. Please include valid credit card information or purchase order number (companies with terms) with your equipment.

Acceptance of the RMA number and return of the equipment is your authorization to repair or replace the items. Companies without credit terms with Reach will need to supply Credit Card information to Reach before repairs are started.

Turnaround Time

For items being returned for repair, upon receipt of your returned items, we will evaluate and repair the product within ten business days. The items will then be returned to you. Debits against your account for these items are not permitted.
